OBJECTIVE

The major focus of the FDP is on upgrading the teaching, training, and research skills for the development of faculty members and researchers. It intends to provide opportunities for faculty members and researchers to renew their intellectual vitality and further their professional growth. The Programme also aims at equipping participants with skills and knowledge in the field of Natural Language and Speech Processing that are essential for inculcating learning values in students and guiding and monitoring their progress towards their career.

FOCUSED AREA

- Machine Learning and Speech Processing
- Social Networking and NLP
- NLP for Indian Languages
- Speech Application and Recognition
- Design of NLP Tools
- Development of Speech Corpus
- Basic Encoding for NLP
